

Emissions Surcharge (EMS/ESS)

01 March 2024

Dear Customer,

Maersk has reviewed Emissions surcharge (EMS/ESS) for Q2 2024 and the tariffs will be effective 01 April 2024. The Emissions surcharge tariffs have been calculated using the average price of European Union Allowance (EUA) from [EUA Daily Future \(ice.com\)](https://ice.com). The details on the period used for the calculation can be found in the table below:

Details referred for deriving Average EUA Price for Q2 2024 Emissions surcharge calculations	Reference period				Effective Date	Type of EUA	Average EUA Price (In EUR)
	From Date	From Month	To Date	To Month			
	16	Nov'23	15	Feb'24			

Emissions surcharge will be applied to all bookings with Load Port and/or Discharge Port country part of EU/EEA.

*For all bookings from China (Hongkong/Taiwan not included), we will add the emissions surcharge to the base freight rate for regulatory reasons. Base freight rate will be adjusted quarterly (increase/decrease) to reflect quarterly updated Emissions surcharge.

*ECO Delivery Bookings will not be charged with emissions surcharge. Choosing ECO Delivery means we replace fossil fuels with green fuels. This investment reduces green-house-gas emissions of your bookings and decarbonizes your supply chain. [Learn more about ECO Delivery.](#)

Tariff values for Emissions surcharge Q2 2024 can be found in the tables in the following pages.

Should you have any further questions, please contact your local Sales representative. Our teams are always available to support should you need assistance.

Best Regards,

Maersk
